

Join the OTAC Private Practice Network

OTAC Is Organizing a Private Practice Network

Private practice in Occupational Therapy is very rewarding, but like everyone else private practitioners need support and networking opportunities, as well as a voice in professional and association activities.

Other professions have strong private practice networks and our current President, Shawn Phipps, MS, OTR/L, recognizes the importance and urgency of supporting private practice OTs. He has charged the OTAC Third Party Reimbursement Committee with implementing a plan for increasing communication, networking opportunities and resources for our private practitioners.

We are compiling a list of all private practices throughout the state of California. Our goal is to extend OTAC's member benefits to a broader audience and to identify new member benefits. If you are working in private practice or know of someone who is in private practice, please submit the following information to Belinda Torrez at belinda3212001@yahoo.com. Or you may fax to 916/932-2255.

Let's network for success!

Name of the Practice: _____

Practice Specialty: _____

OTAC Member: Yes _____ No _____

Contact Person: _____

E-mail Address: _____

Telephone Number: _____

Any questions or issues that OTAC can address: _____
