

School/Student Membership Recognition Program

"We envision that occupational therapy is a powerful, widely recognized, science-driven, and evidence-based profession with a globally connected and diverse workforce meeting society's occupational needs."

OTAC is proud to recognize students and their academic programs for their continued support of our Centennial Vision.

We acknowledge that Occupational Therapy and Occupational Therapy Assistant students play a vital role in the strength and advancement of our profession. It is critical that students continue their commitment to the OT profession through their participation and professional membership in OTAC.

OTAC urges students and academic programs to participate in OTAC membership today!

For additional information email:
