Current AI Impact on Occupational Therapy (1 PDU)

Presenter: Tammy Richmond, MS, OTR/L, FAOTA, FATA

As artificial intelligence (AI) continues to transform healthcare, questions arise about which aspects of clinical practice can – and should – be automated. In occupational therapy, however, the essence of care remains inherently human. While AI offers unprecedented efficiency and data-driven insights, evidence consistently shows that empathy, ethical reasoning, contextual judgement, and creative problem-solving are indispensable to therapeutic success. This webinar will highlight the current impact of AI on occupational therapy including exploring the innovative benefits and concerns of AI on our practice standards and educational frameworks.

Learning Objectives

Participants will be able to:

- Describe the rise of AI in occupational therapy and healthcare overall.
- Learn about current AI innovation tools integrated across practice operations and services.
- Understand theoretical framework transformation for human-centered practice and the limits of automation.

Registration Fees:

Members - \$19 Nonmembers - \$29

Tammy Richmond, MS, OTR/L, FAOTA, FATA, is an occupational therapy practitioner and exercise physiologist and CEO of Go 2 Care, Inc., an online telehealth company that provides telerehabilitation technology solutions, telehealth training, telerehabilitation research collaborator, and telerehabilitation consultation. Richmond serves as chair of the Telerehabilitation SIG at the American Telemedicine Association (ATA) and has authored multiple publications, webinars, and presentations on various aspects of private practice, management, and telehealth/telerehabilitation.

ABOUT SPECIAL TOPIC FORUMS

Why OTAC Special Topic Forums? To support OTAC Core Value 7 – Professional Development: To provide quality education and resources to advance the knowledge, skills, and continued competence of occupational therapy practitioners.

To earn PDUs. Registrants must complete the post event questionnaire that is emailed out within one week following the event.

Tracking PDUs. PDUs earned are recorded in registrant's OTAC account.

Event Disclaimer.

This event is sponsored by OTAC for the purpose of professional development. The material presented is not intended to represent the only or the best methods appropriate for the occupational therapy and/or medical condition, or professional development issues being discussed, but rather is intended to present the opinions of the presenters, which may be helpful to other health care professionals at arriving at their own conclusions and consequent application. Attendees participating in this professional development education program do so with the full knowledge that they waive any claim they may have against OTAC and its representatives for reliance on any information presented during this educational event.

[Click here for OTAC's complete disclaimer/terms. You must agree to these disclaimers/terms. Please don't register if you do not.](#)

About OTAC. OTAC is a nonprofit, 501c6. This means that end-of-year net revenue is retained for operations and benefit of the members and is not distributed to private owners. It is governed by an elected, noncompensated Board of Directors and hires a professional association management team.

OTAC Mission Statement. OTAC is the collective voice that serves, promotes, and supports the profession of occupational therapy and its practitioners.
