

CALLING ALL SCHOOL-BASED OCCUPATIONAL THERAPISTS!

*Loma Linda University Department of Occupational Therapy
invites you to participate in a Graduate Student Research Study:*

EXPLORING OCCUPATIONAL THERAPY INTERVENTIONS FOR MIDDLE SCHOOL AND HIGH SCHOOL STUDENTS

WHAT'S THE PURPOSE OF THIS STUDY?

The purpose of this graduate student research study is to identify the types of interventions Occupational Therapy Practitioners are providing to students in middle and high school as well as the frequency and duration of visits to ensure support for occupational participation and academic success in school setting as well as transitioning to adulthood.

WHAT'S INVOLVED?

- 3-5 minute anonymous online survey
- Participate in a 30-45 minute optional audio/video-recorded semi-structured interview via Zoom or phone following online survey

AM I ELIGIBLE?

- Licensed Occupational Therapist (OTR) or Certified Occupational Therapy Assistant (COTA) at an accredited OT program in the U.S.
- Must be currently practicing in middle-school and high-school school-based settings in the U.S.
- Must have minimum of 1 year of experience in school-based setting
- Between 18-75 years of age
